Required qualifications:

- High school diploma or GED
- One of both of the following:
 - CCS credential from AHIMA
 - CPC credential from the AAPC
- At least two years of experience in medical coding
- Strong analytical skills
- Excellent interpersonal and communication skills
- Ability to produce detailed, comprehensive documentation and reports

Preferred qualifications:

- Associate's degree or bachelor's degree
- Experience in IRF coding
- Experience in rehab coding

Expectations:

- Normal office environment, including long periods of sitting and typing
- Data analysis
- Telephone communication
- Use of standard office equipment
- Daily personal interactions
