## Education, Training, and Consultation

UDS<sub>MR</sub>, now part of McBee, provides a vast array of education, training and consultation opportunities, including several workshops designed to help facilities improve their outcomes and financial performance. The following lists identify our most popular workshops, which are conducted both virtually and in-person.

### **IRF PPS | QI Coding | IGC Coding | ICD-10 Coding:**

- PPS Boot Camp
- Admission Liaison Workshop/Certification
- IRF PPS Certification Program
- IRF Program Director Training
- Rehab Physician Boot Camp
- Paper Trail Power: Crafting Denials-Proof IRF Documentation
- IRF Proficiency Check webinars
- The Path to QI Coding Accuracy
- IRF Coding Essentials

Customized workshops and webinars are available upon request and priced individually.

**Customized consultative sessions** are designed to help facilities improve their operations. The following are some of our most popular consultations, which can be conducted virtually or in-person upon request:

- PPS coordinator consultation
- Program director consultation
- Admission liaison consultation
- Case-mix index (CMI) and other data-analysis and consultations
