HIM CODER

for

Inpatient Medical Rehabilitation

full time, salary – remote work; relocation not required.

Join the team of Inpatient Medical Rehabilitation Experts!

Do you code medical records for Inpatient Medical Rehabilitation? We want your expertise!

Due to increased business for our IRF Coding Service we are hiring a **HIM Coder**. As the **HIM Coder** you will be a member of the coding service team and will be responsible for providing highly accurate coding of the IRF-PAI and the UB04 claim form for subscribers. We are seeking the candidate who has a proven record for accuracy in coding and thorough understanding of ICD-10 codes and related IRF regulations.

The ideal candidate has a highly developed ability to review medical records to identify the etiologic diagnosis and current comorbid conditions relative to the patient's inpatient rehabilitation stay. Collaboration with the UDSMR HIM Coders and the Education, Training and Consulting team to provide the highest level of coding is essential to successful and smooth operations for the UDSMR subscribers.

Come join UDSMR the team of experts that provides healthcare facilities the clinical and technical expertise that enables them to adhere to the complex regulations for care and payment. Our software systems used by Inpatient Rehabilitation Facilities (IRF) and post-acute care are based on a uniform metric that provides the basis for benchmarking and comparison of healthcare outcomes. This enables healthcare providers to document and improve the outcomes, processes and perceptions of care.

UDSMR is recognized as the industry expert in Inpatient Rehabilitation. You will be working with coders and rehabilitation healthcare professionals that are knowledgeable in all aspects of the IRF. Self-driven learners who are energized by keeping abreast of the rehabilitation healthcare field with a concentration in ICD-10-CM coding and their relationship to reimbursement issues will thrive in our company.

Knowledge and skills: Associate's degree in medical coding or equivalent training acquired through at least five years of progressive on-the-job experience; health related BS degree a plus. A minimum of 3 years of ICD-10-CM coding experience directly applying codes and inpatient rehabilitation prospective payment systems is required. CCS Certified Coding Specialist, ICD-10 training certificate a plus.

Our diverse team of highly motivated leaders, innovators, and healthcare experts are the secret to our 30 plus years of success. If you are a professional who collaborates with their team to deliver the best and most reliable network system then apply today!

UDSMR is an Equal Opportunity Employer /Affirmative Action Employer
